THE GOLDEN BULL (1965-66)

Prologue To The Centennial

1965-66 Golden Bull

Foreword

We, the 1965-1966 staff of The Golden Bull greet you!

Through photography and verbal expression on the pages of this book, we present to you a realistic view of life at Johnson C. Smith University. We place emphases on the cultural, religious, and social aspects of learning which are offered and developed on our campus. Upon entering the halls of this historic institution, we, the students, aspire to become worthy and productive citizens and world leaders in society. In this Prologue to the Centennial, we wish to preserve in memory our stay here and to leave a record for future generations of Smithites; therefore, we present to you the 1965-1966 Golden Bull.

Aspirations of Tomorrow are Gleaming!

Rev. Raymond Worsley

Rev. Raymond Worsley, a man with an exuberant spirit marked by zeal and perseverance, has led us untiringly toward heightened goals of achievement.

He has worked with us gladly and earnestly. There is a spark ignited in his inner constituency which is readily transferred to those who come in contact with him. That spark radiates brilliantly in many aspects of his life. We can see it beam in his laughter, flutter and skip in his carriage, glow and blaze in his teaching, and smoulder and quiver in his thoughts.

To one whose concern is always for the enhancement of the right and the betterment of all mankind, we, the members of the Senior Class, dedicate this, the 1965-1966 Bull to Rev. Raymond Worsley.

President's Message

Johnson C. Smith University, down through the years of its existence has sought to prepare its students to take their place in a free and democratic society. Now, as we approach the celebration of our first centennial, we will continue to direct our efforts toward the development of the Christian oriented leadership necessary to meet the challenge of our time and the years ahead.

Faculty and Administration

I am happy to have this opportunity to extend congratulations to our graduating seniors and greetings to all who view this publication.

We are living in exciting times. Challenges and opportunities abound. Technology has literally and figuratively opened up vast new worlds to be conquered. Never before has there been a greater need or an atmosphere more conducive for making significant progress in improving human relations.

*My charge to the student body is to capitalize on your short years in college. Aspire to greatness today. Seize the many opportunities to achieve greatness. As Cromwell has written—

"When you have to make a choice," said William James, "and don't make it, that in itself is a choice." No one can avoid decision-making and there are few times in life when choices have more influence on the future than those made in college. At Johnson C. Smith University we intend to provide the conditions in which the choices of today will insure the fulfillment of the aspirations of tomorrow.

TO THE STUDENT BODY 1965-66

We are grateful to have the opportunity to enter this brief message in your yearbook.

Preparing for and working at a job for which one is suited is a basic determinant of success in the art of living. Work, when well selected, is life's best cure for worry; it is the balance wheel for happiness; it is an ear-mark of intelligence; it is the best way known to man to kill time on one's hands; it is the heart of a healthy plan for personal economics; and it is society's best known approach for decreasing criminal conduct and juvenile delinquency. Work, when well selected and well performed, is the escalator to high service, honor and respect. It is the passport of the portals of the world of wonders; and it is the gate-way to peace of mind and to the sense of belonging and tenderness which are the goals of every normal living creature.

Check to see whether or not you are developing the characteristics which insure full living as a constructive participant in the world of work. See if you are becoming increasingly industrious, cooperative, friendly, persistent of what you believe to be just, and able to take failure and disappointment without giving up completely. Then, check again to see whether or not you are letting hatred, greed, jealousy and prejudice poison your chance for life. Examine yourself to see if you honestly love to do a job well.

Make sure that as you plan your life-work you organize principles for living which will insure constructive pursuit of that plan. Remember that an individual's philosophy for living is his chart for becoming a better human being or a cancer in society.

Dress yourselves in garments of human beings who are not to be denied a place on the magnificent team of successful living, and move ahead with your eyes clear, your minds alert, and your consciences organized in terms of principles of human decency and diligence.

You have a long head start toward a life of service and accomplishment. Live it well!

Mrs. Owena H. Davis
Dean of Women

It has been gratifying to note the advancement in calibre of the **Bull** features commensurate with the developments of our space age. The young women as individuals and in groups are a dynamic part of that soaring of academics and social values which are so indelibly pictured in the Yearbook. Expansion of opportunities for women may see more women featured in athletic accomplishments. We are deeply concerned with **Womanpower** and shall constantly gear our efforts toward development of potentialities of women in a changing society.

Dean Of Women And Dean Of Men

The footprints of the achievement of those whom you are succeeding are inspiring and challenging.

In these days of great strain and struggle when the hearts and minds of men all over the world are searching for freedom, equality, and justice, I urge you to fix on the star of high and noble achievement, charting your direction toward the new horizon and the widening opportunities for service in the land we love.

Mr. H. Howard Davis
Dean of Men

The heritage and greatness of this nation is our legacy from noble men — inspired of great great dreams, envisioned in profound thought, and cultivated through skill and dedication. Yet, in the grandure of her greatness, she has not reached the zenith of her potential. This task summons each of you; and as you respond, the challenge is to face the new horizons of opportunity and service with creativity and intellect — dream great, think profound, strive with dedication and achieve with excellence.

Student Personnel Guidance

I feel that the academic and technical training of all qualified youth, whose aspirations, motivations and interests are properly developed and channeled will be the major keys to future progress in America and future employment opportunities for America youth in general.

Mr. Moses S. Belton

Director of Public Relations

It has been said that the purpose of educational public relations is to advance understanding and support of higher education. The general purpose must be further defined in specific, workable terms. The task of our office, then, is to evaluate public attitudes as they relate to our Alma Mater as an institution of higher education; seek to identify the policies and educational program with the interests and needs of society; and help coordinate our efforts in enhancing public understanding, acceptance and support for greater service. In addition to the Public Relations program, it has been our pleasure to serve the University family in four other major areas: working with alumni in the continuous educational enterprise; providing placement service in an effort to assist graduates in discovering opportunities for employment; commensurate with their training, ability and potentialities; administering the scholarship program for worthy students who need assistance and who otherwise would not be able to attend college; and conducting the school-college relations program through which high school students are encouraged to continue their education.

OFFICE OF

PUBLIC RELATIONS

As students and future alumni, you are and will always be ambassadors for the University in particular and higher education in general. It will be your task to share the responsibilities of effective educational public relations in all of the above areas. But most important for each one of you, in his chosen profession, is to develop into an effective, creative, constructive and contributing citizen for a rapidly changing and demanding world of emerging new and greater opportunities. May God grant you the physical, mental and spiritual resources for a great future.

Sincere best wishes always

ASPIRATIONS OF
TOMORROW ARE GLEAMING

State and Federal Financial Aids, loans and grants, have enhanced the aspirations of a greater percentage of American youth than ever before. For the students who have the desire and ability to further their education, there is no longer the fear of being deprived of an education due to the lack of funds. Government and Government Agencies have removed the obstacle of financial worry and left the student free to concentrate more freely and fully on his aims through educational endeavors.

It is through your College Business Office that arrangements for meeting financial obligations can and may be made . . . with the hope of adding a gleam of hope to your aspirations of tomorrow.

Library

Proposed library to be completed in 1967.

The basic principles underlying and directing the operation of the University Library may be stated as follows:

1. As a University facility, the library operates as an extension of the instructional function of the institution and, therefore, constitutes the basic part of the instructional program carried on beyond the confines of the formal classroom. To this end, the library provides the student with considerable further elaboration of the textbooks, lectures, and other information made an integral part of classroom instruction.

2. As a second principle, the

ary seeks to further promote intellectual growth and well being of the students by opening to them new vistas of thought and knowledge. This is to be accomplished by providing and engaging students to explore and utilize library materials other than those directly related to immediate classroom tasks or assignments.

As a third principle, it is expected that the library will provide a wide variety of resource materials, reference materials, etc. which members of the faculty can utilize in research and investigation.

In Memory Of

Professor Jean Joseph Adam

A scholar, educator, gentleman, husband, father, and friend are but a few of the adjectives which may be used to describe the indomitable "esprit" of the late Professor J. J. Adam. His thirty-four years of dedicated service at Johnson C. Smith University can be confirmed by the numerous French teachers who have had the opportunity to come under his inspiring teaching. Professor Adam's passing into the Great Beyond has created a great vacuum in our academic community, but he has left the seeds of intellectual curiosity for those who succeed him.

In Memory Of

Dr. Algernon Odell Steele

A contemplation of God's work, a generous concern for the good of mankind, and the unfeigned exercise of humility—these only, denominate men great and glorious.

Dr. Steele joined the faculty of Johnson C. Smith University in the field of religious education in 1932 and continued in the service of the University until his demise. At the time of his death he was Professor and Head of the Department of Religious Education, Chairman of the Division of Humanities, Dean of the Chapel and Advisor to the Student Christian Association. He was the author of two books: *The Bible and The Human Quest* and *The Questing Christ*. Both of these were used as text books in the Religious Education Classes for Freshmen and Sophomores at the University.

JOHNSON C. SMITH UNIVERSITY
CHARLOTTE, NORTH CAROLINA 28206

Theological Seminary

Office of the Dean

The Johnson C. Smith University Theological Seminary is a graduate professional school. It attempts to provide a relevant context for the pursuit of theological studies—a context which gathers its force from the grass roots. It begins at home. It starts humbly and in small affairs. It involves everyone. It begins with human beings.

The Seminary is greatly concerned about the present generation which is about to assume its share of responsibility in a world that is torn and disrupted by conflict, risk, and hardship. A generation which faces difficulties and accepts opportunities and translates hopes into reality. One which loves freedom and sees it as an advantageous servant of man in his perpetual quest for self-fulfillment.

As members of the University family, may you always be guided by all that is good, noble and productive, for the doors of life are infinite. The doors you enter will be decided by you. Pause before you make decisions to see what your religion is doing for you and for you. It may guarantee you success, character, a sound note of joy, a note of courage, a note of enthusiasm; and it may be a force that binds you and others together to meet the challenges of today's world.

Edwin Thompkins

Other current journals call attention to the most recent developments in theological studies.

The Seminary Library is engaged in an active program of expansion and acquisition in order to make available to the academic community the basic resources for meaningful engagement in the theological studies of the Bible, Church History, Theology, and the church's relationship to the world.

Seminary Faculty

The importance of a competent faculty in teaching institutions devoted to the Christian ministry can hardly be overestimated. Teachers who, with their high professional status, have the ability to motivate students and lift their levels of aspiration, teachers who have sympathetic insights of the needs of the individual student, teachers who understand the function and goals of the Christian ministry in the totality of the world situations are the ones who are required for an effective seminary education. This is the objective that the Seminary faculty has set for itself.

The Blue and Gold formal is one of the many activities sponsored by the Union. Two formals are given during the year, one in the fall and one in the spring semester.

All members of the Smith family enjoy the gala affair. The elegant occasion is one that will long remain in the hearts of all who were there.

Miss J. C. Smith reigns supreme while having a swell time at the Formal.

Students and administrative members take time out from dancing for a friendly chat.

Willie T. Singletary, President of the Student Government

Message from the President and Vice-President of the Student Government

In the face of the revolutionary changes in modern life men seek the truth found in education. For the purpose of education is to improve the human mind so that one might better understand his environment, make the necessary adjustments and use his abilities for a successful life.

Education frees man from unnecessary worries, frustrations, conflicts and anxieties and thus he is able to produce, create and enhance his society. Production and creativity mean progress, which is the key to revolutionary change.

To the Seniors, it is my sincere hope that our finding of part of the truth has made us ready to accept the demands of society. However, let us never forget that education and revolutionary changes are continuous and there are demands yet to be made of us. For no one has found the whole truth.

Ricky S. Rice, Vice President of the Student Government

My fellow Students:

We are living in the most advanced era of mankind. The world is moving so rapidly and the accumulation of knowledge is so great that education has become the foundation for specialization in selected areas.

Therefore, we as college students owe ourselves and our fellowmen utilization and exhaustion of our capacities of the facilities and organizations—as the Student Government. Consequently achievement of these and other goals and ideas will serve as the perpetuating forces for improvement of our campus life, our communities, and the larger society.

The Purpose Of the University Student

In the ensuing years since my freshman year here at Johnson C. Smith University the student body has each as part of their tuition paid money for the sole purpose of getting a newspaper. But, with each year they have gotten fewer and fewer papers. The "University Student" like all student publications is the voice of the students, but until this year we have had little or no voice, and even now there is very little voice. But, with the help of a handful of hard working students we have surpassed all modern records for publications of the "University Student". A lot of well deserved credit should be extended to a number of people who made it possible for the voice of the "University Student" to be heard by all the Smith family.

In any organization there must always be a leader. The "University Student" has been blessed to have as our leader Mr. MOSES S. BELTON, who has taken over as unofficial advisor for the paper. There has never been a time that Mr. Belton was too busy to aid us in any way he could.

Respectfully Yours

Johnson C. Smith University Marching Band

Wilbur Jones, Jr.
Director

Half-time performances are begun with rhythmic baton twirling of majorettes as the band plays lively music.

The Johnson C. Smith University Marching Band provides halftime entertainment for "Bull" fans throughout the football season. The size of the band has steadily increased during the past few years. Offering of scholarships in this area has served as a valuable incentive for the large number of students who have helped in the expansion of the band.

Musical renditions during halftime shows are lively and full of pep, thereby enhancing school spirit. The high-stepping majorettes and the agile drum major keep all fans fascinated until the herd returns from the "bullpen" for the second half of the game which is spelled VICTORY.

Aside from popular music during halftime festivities, the band also provides classical and other music to coincide with special occasions. Such occasions include the coronation of Miss Johnson C. Smith University and special concerts.

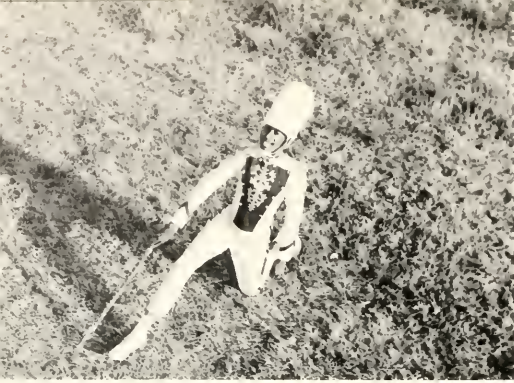

Band members show that "Old J. C. Spirit" even on the sidelines.

Half-time performances have come to a close. Band members now return to the stands with the sound of a drum cadence in the background.

The drum major is in command as he leads band members into formation for their next number.

Drum Major pauses before completing the split.

Majorettes Juanita Gaston, Gloria Battle, Margo Judge, Drum Major Bobby Wilson smile for the cameraman along with Jacqueline Fitzpatrick and Joyce Freeman.

Drum Major and Majorettes

The high-stepping, baton-twirling majorettes and the agile, high-hat drum major add extra talent in leading the band in their performances. These young people work hard to enhance the performances of the band, by putting the music into action.

Johnson C. Smith University majorettes are selected on the basis of poise, beauty, and especially talent. Tryouts are conducted on an impartial basis.

The selection of drum major is conducted in the same manner, except height, marching ability and agility.

Majorettes take time out for glowing smiles of satisfaction with half-time performances.

The close of another performance, majorettes and band members head for the stands.

The sign of the V means Victory. Lucy Dupee, Shirley Davis, Deidre Johnson, Deborah Lindsay, Rose Mary Gaines, Captain, Irvette Penn, Mattie Havner, Sharon Forman, and Carolyn Maxwell.

V-I-C-T-O-R-Y

This is the word most echoed from the lips of these lovely young ladies who strive to enhance that "Ole J. C. Spirit". They are especially active during football and basketball season, for these constitute the more popular team sports.

Members of the cheering squad seek to initiate pep rallies and to lead the yells at sports events so that the "Bulls" may be cheered to victory in an orderly fashion.

Come on gang, and do the J.C. Mambo.

A number of Greek organizations are represented on our campus. The more prevalent of these are honor societies and social fraternities and sororities.

Greek honor societies are for those students who have attained high scholastic honors in their academic work. These societies help to promote high scholarship, encourage sincere endeavor in all fields of knowledge and service, cultivate a high order of personal living; and to develop an appreciation for scholarly work and scholarly endeavor in others.

Sororities and fraternities, while chiefly considered to be social organizations serve useful purposes for the benefits of others, as well as members of the immediate groups. The majority of them are deeply involved in community service projects and activities which do not involve social aspects of life. In other words, these organizations are more appropriately considered social service rather than mere social organizations.

BETA KAPPA XI HONOR SOCIETY

Beta Kappa Chi Honor Society is composed of honor students majoring in science. Membership is open to:

Undergraduates working toward a college degree who have completed twenty-five semester hours or equivalent in Mathematics, or science (Biology, Chemistry, Physics, Astronomy). Such a candidate must have a science average of "B" and a general average of "C" or better.

Undergraduates working toward a college degree who have completed forty hours or its equivalent of Mathematics or Science with a "C" average having a grade of "B" or above in thirty hours of their science and are recommended by two faculty members as being worthy of the single honor.

honor point average shall not be less than 2.3, expressed under the system A equals 3. Transfer students shall be in residence for two semesters or three-quarters with a minimum of thirty semester hours or forty-five quarter hours credit toward a degree earned during this period, to become eligible. Their grade-point average shall be computed for their entire college career to date.

PAN-HELLENIC COUNCIL

Gloria Nolley, Alexine Lett, Nancy Barringer, Cheryl Neal, Eula Chandler, Richard Miller, James Foster, James Joyner, William Person, John Mickle, Samuel Massey, and Larry White.

The Pan-Hellenic Council affects both the official University program and its population by its decisions regarding the activities of Greek-letter organizations in the establishment of guidelines for coordination, periods of pledging, and initiation policies governing the conduct of the same. This means that the period of

initiation when some 200 students are involved in activities which occupy a major portion of their time twenty-four hours a day for one week, varying by patterns of eight different sororities and fraternities, is determined by the Council.

Alpha Kappa Alpha Sorority, Inc. was founded on the campus of Howard University on January 16, 1908 and initiated the movement of Greek-letter sororities among Negro women in America. Gamma Delta was founded on December 14, 1943.

Because AKA is the oldest Greek-letter sorority founded by Negro women, the record of its origin, growth, and development is more than an interesting chronicle of a colorful bit of college-based America. It is rather a significant and inspiring reflection at the development of a minority group in a changing culture.

DON SHIRLEY and the musical art forms he creates are unique in the concert world. His fans are probably the most varied type of people that have ever listened to music. In short, whoever hears Don Shirley becomes a Shirley fan, for his music has the emotional and intellectual appeal to which his listeners immediately respond — so much so that the **DON SHIRLEY TRIO** is now one of the topmost musical ensembles of its kind on the world today.

THE DON SHIRLEY TRIO

DON SHIRLEY is a "free" artist. He is not tied to any special musical style or idiom. Whatever he does with a selection — be it classical, popular, folk, or contemporary — it emerges as exciting and refreshing recreation — a testament to the amazing versatility and musical invention of Don Shirley.

His admirers range from classical Igor Stravinsky to that high priest of American music, Duke Ellington. His records, of which there are now seventeen best-sellers, have spread his fame wherever he has not played in person. Three of his discs have each sold over a million and a half copies. His concerts have a hypnotic effect on audiences, so immersed do they become in the music and the spell it casts. Discerning music-lovers, press and most important of all, the public, have all paid tribute to Don Shirley, for example:

"His virtuosity is worthy of the Gods." IGOR STRAVINSKY

- * "Not only is he great musically, but he knows the fingers to execute his virtuosity." DUKE ELLINGTON
- * "...dashing forays of finger-bursting virtuosity and a glittering, electrically dramatic climax that raises shouts of approval from the audience." THE NEW YORK TIMES
- * "One of the most unusual talents of the era." PAUL HUME, WASHINGTON POST
- * "Destined to revolutionize the popular forms of music." THE CHRISTIAN SCIENCE MONITOR

Students 1965

Dr. Perry points out site for building which will soon become a part of the campus scene. The increasing number of structures being erected continues to broaden the entire campus area.

Exchange students are given a glimpse of what the new library will look like after completion.

With springtime in the air, everyone likes to relax "on the block" during leisure moments. Some even find it conducive to study, though not necessarily the most effective.

Students enjoy leisurely chats during reception in the Union lounge.

Young women pose with their Roommates for the Exchange Week.

Beaver students wait the hour of departure when they will return to their Alma Mater. The University President expresses the sentiment of the Smith family in two words: "Bon Voyage."

Smith young women are received with smiles by the Dean of Women and the Dean of the College upon their return from Beaver.

Exchange Students From Hastings College

With the primary objectives of broadening perspectives and gaining understanding through inter-personal relationship, four students from Nebraska were enrolled at Smith for the spring semester. They came from Hastings College, a four-year, coeducational, Presbyterian-affiliated liberal arts school in the Midwest.

Outstanding Contributors

Bobby Ray Wilson

Within the person of Bobby Ray Wilson, one finds that combination of intelligence, congeniality and activeness in extra-curricular affairs. This versatile young man has worked unceasingly and has given his best to our University.

As chairman of the publicity committee of the University Memorial Union, he was responsible for the publications of S.U.B., a student paper centered around the activities in the Union.

During the summer of 1965, he was the University representative at Oregon Argonne National Laboratory, where he worked as a research assistant.

He entered the University as a United Negro College

Fund Winner and has since then maintained the average of an honor student. Because of his academic achievements in his major field, he was accepted into Beta Kappa Chi Honor Society.

He has also been active in the student government, had served as Dean of Pledges and Program Chairman of Alpha Phi Alpha Fraternity Inc., and is presently serving as President of the Senior class.

The one who has accomplished much in all areas of campus life, we the members of the Bull Staff hail Bobby Ray Wilson as an outstanding contributor to the Smith family.

To The Smith Family

Mary Lutricia Lesesne

Intellectual, cooperative, friendly, devoted, and diligent are but a few of the complimentary appellations which may describe Mary Lesesne. Since matriculation at the University she has exemplified all the qualities of a well-rounded student. Thus she has become a model and in some instances an ideal, after which other students pattern their lives.

She has always aspired for the epitome of academic achievement. Her continuous appearance on the Honor Roll indicates that these efforts have been well rewarded. Aside from the regular classroom activities, Mary has been very active in almost every other aspect of campus life.

Among these extracurricular activities are: Associate editor of both the BULL and the University Student; Corre-

sponding Secretary of Delta Sigma Theta Sorority, Inc.; member of the Psychology Club; Publicity Committee; Lis-ton Hall House Council; Freshman Reception Committee; and the Usher Board of the University Church.

A senior in the College of Liberal Arts, Mary is pursuing a Bachelor of Arts degree with majors in Sociology and Psychology. Because of her willingness to always lend a helping hand to those in distress, or a listening ear to those who need her consolation, we, the members of the Bull Staff feel that Mary will be very successful in her chosen career as a Social Worker. For this reason, we express our desires of the "Best of Everything" for her future endeavors.

Samuel Harry Reid

Some students enter Smith and leave, having done nothing more than signed their names as so many have done before them; while others, because of their devotion and concern for the improvement of student-faculty relationship and the promotion of the ideals advanced by the University will cause their names to be recorded in the memories of their fellow students. Such a student is Samuel H. Reid.

Samuel Reid is a senior religious education major from Gaffney, South Carolina. A diligent worker with the Student Christian Association for the past three years, Reid has also found time to take an active part in other extracurricular activities. He has served as representative to the Student

Government, president of Student Christian Association and Junior Class, member of the governing board of the University Memorial Union, member of Omega Psi Phi Fraternity, co-chairman of the Carolina's Conference and a past member of the Young Democrats Club. Concern for his fellow student and his personality has caused Reid to be one of the best-liked students in the University. Aside from his extracurricular activities, Reid has maintained honor roll status during his stay here at Smith.

For his participation and promotion of school spirit, the Bull Staff wishes to recognize and commend Samuel Reid for his contributions.

Gail Windolyn Stovall

She can be recognized by:

- ... a casual lift of the hand and a radiant smile when speaking,
- ... a congenial personality so unique that it attracts many and fosters changes for the better in others.
- ... a willingness to assist any member of the Smith family, sometimes by listening and other times by offering advice.
- ... the air of composure which surrounds her in the midst of confusion and excitement.
- ... that exuberance and versatility which allows her to direct projects and solve problems with imagination, wit, and sincerity of purpose.

Within the person of Gail Stovall is embodied many commendable attributes which she has used to enhance the image of our Alma Mater. While at Johnson C. Smith University she has served as vice-president of the Junior Class and the Pan-Hellenic Council, as secretary of the Governing Board of the Student Union, and President of Alpha Kappa Alpha Sorority, Inc. She also participated in the Beaver College Exchange Program during 1965. Presently she is a member of the Freshman Reception Committee, senior class representative to the Student Government, and President of "Le Cercle Francais."

With deep respect and admiration we make this acknowledgement of the contributions of Miss Gail Windolyn Stovall.

Kennan Wayne Smith

Kennan Wayne Smith has been the student's student, the exceptional one who would go that extra step to ascertain the fact that the tasks were effectively and efficiently completed. His drive has been uninhibited and has had tremendous momentum since the time of his entrance into the institution.

When there is something to be done or someone to be helped, he cannot seem to fit "No" into his phrases of response.

He has successfully edited the University Student which he represented at the Intercollegiate Press Association conference in San Francisco, California. He is an active

member of Alpha Phi Alpha Fraternity; Chairman of the Audio-Visual Aids division of the Cultural Affairs Committee of the University Union; 2nd Vice-President of the International Relations Club and Chairman of the fund-raising drive for the United Negro College Fund for the year 1966-67. He represented the University for the same at conference in Cleveland, Ohio.

Kennan has been a vibrant, energetic, determined leader, student worker, and friend of the University family. Nevertheless, he has promised himself a greater tomorrow than his yesterday.

To Our Queens

*Charm is the measure of attraction's power
To chain the fleeting fancy of an hour
And rival all the spell of Beauty's dower.*

*A subtle grace of heart and mind that flows
With tactful sympathy, the sweetest rose,
If not the fairest, that the garden knows.*

*A quick responsiveness in word and deed,
A dignity and stateliness at need,
The will to follow or the art to lead.*

*She to whom this most gracious gift is known
Has life's great potent factor for her own,
And rules alike the cottage and the throne.*

"Bulls" In Professional Sports

Pettis Norman, now tight end with the Dallas Cowboys, is a former Smith great ('61). While at JCSU, Pettis was All-Conference, All-American, and, to all of us, All-World.

Freddie "Script" Neal, 'Ex63, is the world famous dribbler of the Original Harlem Globetrotters. While at Smith, Freddie was All-Everything. Since going to the Globetrotters, "Curly" has become a world-wide traveler and Smith representative of good will.

Athletic Banquet 1965

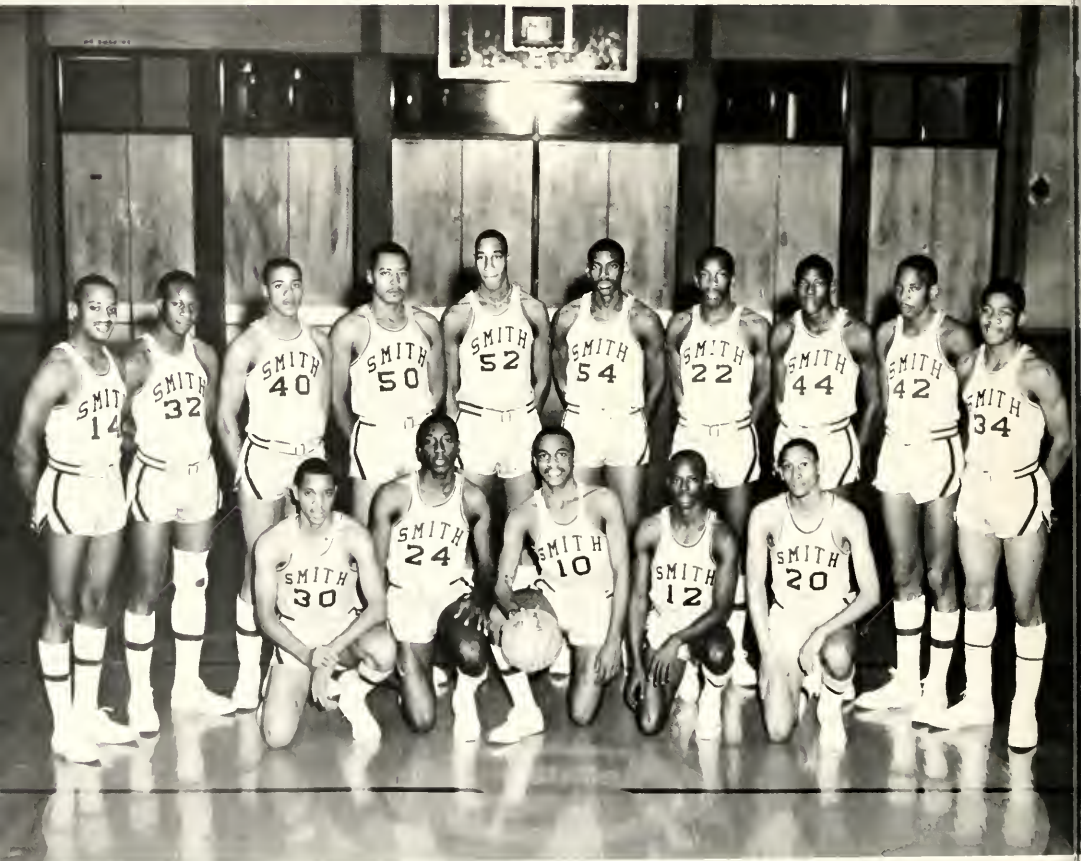

Bill Curry, WSOC-TV personality, was the main speaker at our annual banquet. It appears as though he kept everyone in stitches.

After dinner representatives of all phases of "Bulls" sports life gather around and admire "Night Train" Reynolds' spoils of victory.

W. S. Tucker of Mechanics and Framers Bank presents George Reynolds with the annual trophy emblematic of academic achievement.

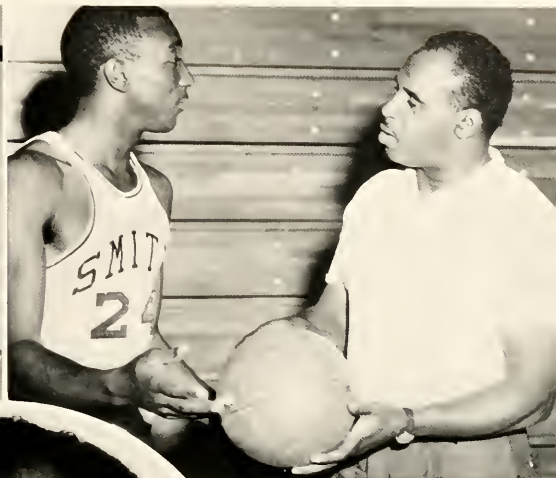

The "Go Go" Golden Bulls

Managers Wyatt and Vest get ready for the rush.

Coach McCollough & Capt. Jackson discuss strategy.

Wm. McCollough
Head Coach

The University Golden Bull's basketball squad was led this year by Co-Captains Robert Jackson and Steve Schley. Coach McCollough called on such outstanding players as forwards Hubert Davis and Jackie Wilson. The "jumpingest" man in the C.I.A.A. was Smith's Randolph "Baghdad" Randolph. Tyrone Britt added the color to the running game and brought the Bulls to prominence.

The staff of the "Bull" would like to congratulate seniors Robert Johnson and Robert Carter for four years of constant efforts and repeated excellence.

Departing Seniors receive "Bull" Pin Award.

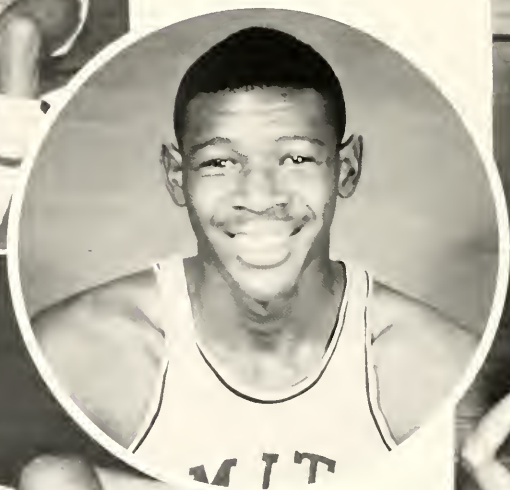

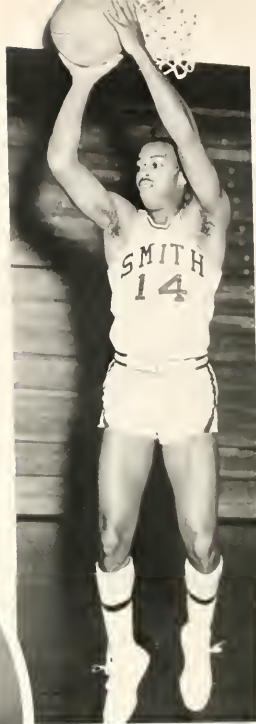

Co-Captain Steven Schley, 5'10" guard, from Camden, N. J., was All-C.I.A.A. Tournament in 1964.

One of the most affable members of the "Go-Go" Bulls is 6'1" guard William Harmon of Charlotte, N. C.

The "Bulls" strongest rebounder is 6'4" Hubert Davis of Pineville, N. C.

Probably the fastest and most effective defensive player on the squad is 5'10" guard, David Williams, of Brooklyn, N. Y.

Co-Captain Robert Jackson is one of the most deadly shots in the conference. The 6'10" guard is from Gary, Ind.

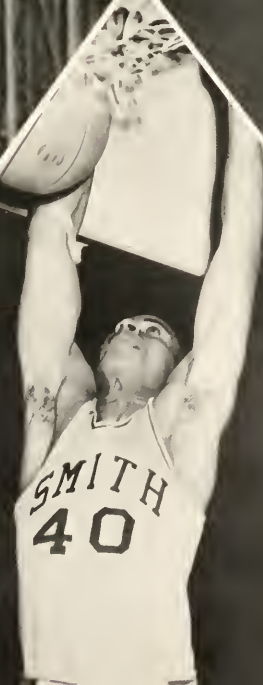

"Mr. Consistency" is Jackie Wilson from Brooklyn, N. Y. Jackie is a 6'1" forward with deadly accuracy.

Senior Bob Carter is the tallest member of the squad. The 6'6" center hails from Paterson, N. J.

Bruce Brith of Philadelphia, Pa., is the most colorful player in Smith's annals. The 6'4" forward has earned the title of "The Wizard" from Smith fans.

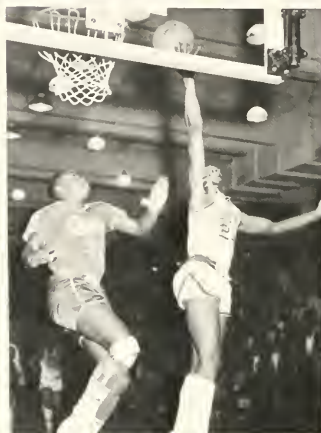

Senior Robert Johnson hails from Washington, D. C. The 6'3" forward has the ability to rebound with the tallest.

Some teams have "The Stilt", we have Baghdad.

Bob Carter lets one go for two points.

Davis rebounds as Britt holds hands.

"Baggie," the Aggie killer.

Captain Jackson lays one up and laughs at the "Aggies."

Hey, "Ty," let's probe this dude.

The Aqua-Bulls

Cottman, Hawkins, Scales & Bryson prepare for splash down.

The "Aqua-Bulls" most outstanding relay team consists of Lau, Steele, Williams, and Reedy.

They're off!!!

Terry Steele acts as team representative.

Although this bevy doesn't have any swimming master, coaching still goes on.

The "Bulls" warm up and prepare for the challenges that lie ahead of them.

Jimmy Bryson is one of the conference's outstanding divers and a real attribute to the "Bulls."

J. C. S. U. Cinderman

Left to Right: G. Rouse, W. Shipp, R. Johnson, W. King, P. Patterson, F. Wilson, J. Pascual, E. Thomas, R. Leek, G. Baber, E. Anderson, J. Lane, C. Williams, J. Miles, V. Matthews, and E. Jones. Bottom: Coach Powell and Manager L. Simmons.

Coach Powell and Captain Isreal Lee discuss matters of importance.

Coach Powell beams with pride as he watches his thinclads go through warmups.

A pleasant arrival to the "Cinder Bulls" squad is Vince Matthews of New York City. Matthews runs the quarter mile and teams with three other "greats" to give Smith its fastest mile relay team in its history. A 46.8 quarter miler, Vince is a Jr. A.A.U. Champion.

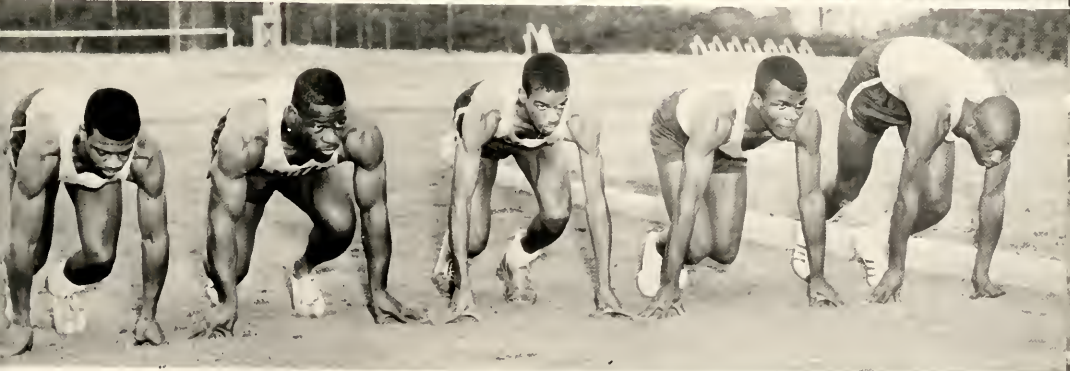

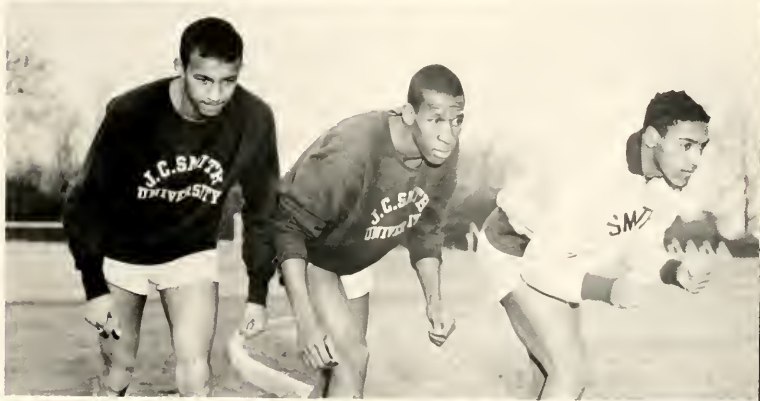

Galvester "Pee Wee" Baber is probably the most versatile runner on the squad. The Brooklyn, N. Y. native runs sprints, relays, and excels in the high and low hurdles. He is an A.A.U. Jr. Champion, also.

J. C. S. U.'s premier mile relay team consists of Vince Matthews, John Miles, Isreal Lee, and Fred Wilson. The quartet runs about 3:15 and have finished high in several indoor meets.

Jessie Pascual, James Lane & Bobby Leek comprise Smith's distance men. Pascual is a former AAU-Jr. Champ, Lane a terror from Indiana, and Leek the most feared distance man in the C.I.A.A.

Sprinters Rouse, Shipp, Johnson, King and Baber are a uniquely nicknamed group. They are "The Giant Killer", "Hercules", "The Saint", "Motown", and "Pee Wee" respectively.

Tennis Team

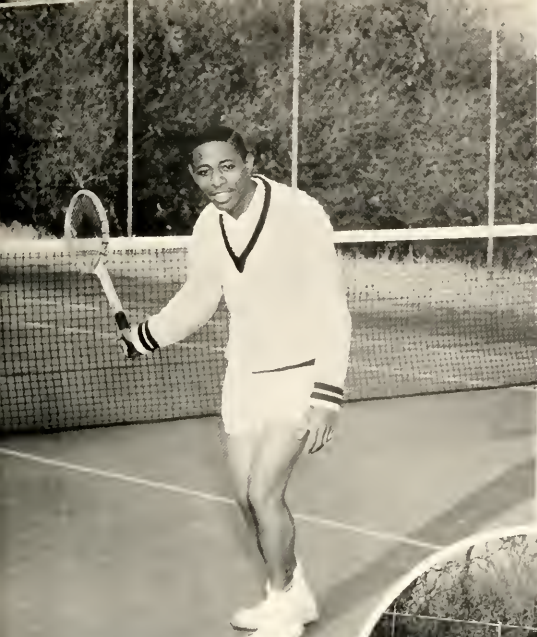

L. A. "Pop" Warner
Tennis Coach

A large black and white photograph of the tennis team members. Five young men are posed on a tennis court, leaning against a chain-link fence. They are all wearing light-colored, short-sleeved shirts. The man in the foreground is wearing glasses and a dark V-neck sweater over his shirt. The background shows the tennis court and a fence.

Top to Bottom: Al Jordan, Irv Williams, Sandford Howie, John Mickle, and Phil Asaka; absent, Hank Bowers and Ray Page.

The University Tennis Team is expected to bring the laurels back this year. Playing with five experienced members and being coached by the affable "Pop Warner", the squad is sure to rank high in C.I.A.A. competition.

John Mickle is a senior from Winston-Salem, N. C. Congenial off the court, John is a real terror on it.

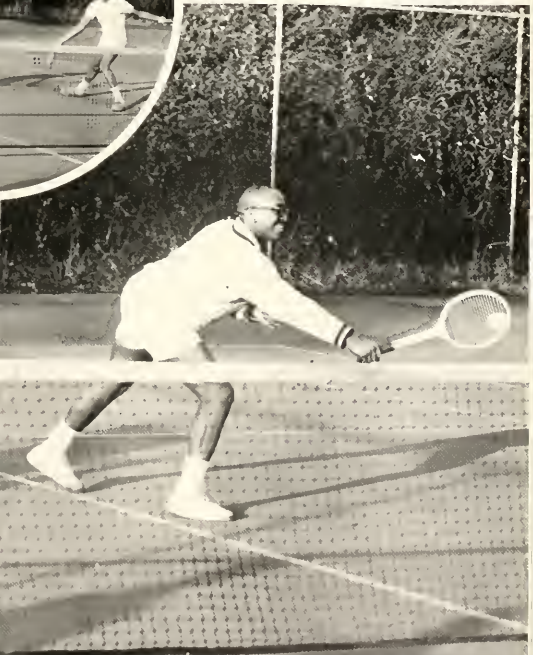

Ray Page of Richmond, Va. probably has the hottest racket in the conference. You can look forward to big things from this soph.

Freshmen Al Jordan and Irv Williams practice doubles.

Sanford "Bo Pop" Howie has one of the most deceptive games in the conference. His motions are slow, but victory is usually inevitable for the Winston-Salem native.

Phil Asaka of Detroit has all the qualities present in tennis greats. Above all, Phil has an insatiable appetite for victory.
